2) LTA - Academy

It ranks #2 among India's top schools offering a diploma programme in cosmetology.

The training program lasts for a year and costs 6 lakhs. The lack of job placement support in its courses may make it more difficult for graduates to find employment. Additionally, a larger class size (30 to 40 students) makes it harder for students to engage in group discussions and get interested in what they are learning.

The cost of the beauty diploma program is 6,00,000 for 1 year course duration. Additionally, the 30 to 40 pupils in each beauty class led to a lack of interaction and a poor knowledge of the material. Students who complete any course from this institution are unable to consider finding employment because there is no relation to the beauty business.
