

# ISO Certification in Telangana

Telangana is one of India's fastest-growing states, with strong industries in IT, pharmaceuticals, agriculture, manufacturing, and services. To meet global standards, many businesses are seeking [ISO Certification in Telangana](#). At **SQC Certifications**, we help companies across Telangana get ISO certified. This Certification isn't just a badge—it's proof of quality, trust, and commitment to excellence. Whether you're a tech startup in Hyderabad or a food manufacturer in Warangal, getting ISO certified can help you stand out in a crowded market.

## Types of ISO Certifications in Telangana

### [ISO 9001:2015 – Quality Management System \(QMS\)](#)

This certification focuses on improving the overall quality of an organization's processes, products, or services. It helps businesses streamline their operations, reduce errors, enhance customer satisfaction, and continually improve performance. ISO 9001 is suitable for all types of industries, including manufacturing, IT, education, and service sectors.

### [ISO 14001:2015 – Environmental Management System \(EMS\)](#)

ISO 14001 helps organizations identify, manage, monitor, and control their environmental aspects. It guides companies to reduce waste, lower energy use, follow environmental laws, and implement sustainable practices. This standard is essential for industries that want to show their commitment to protecting the environment and reducing pollution.

### [ISO 45001:2018 – Occupational Health and Safety Management System \(OHSMS\)](#)

This standard is designed to reduce workplace risks and improve the safety and health of employees. It helps organizations establish controls to minimize accidents, occupational diseases, and unsafe working conditions. ISO 45001 is highly recommended for manufacturing companies, construction firms, and organizations with high-risk work environments.

## [ISO/IEC 27001:2022 – Information Security Management System \(ISMS\)](#)

ISO/IEC 27001 is critical for companies handling sensitive or confidential information. It helps in establishing a framework for managing data security risks, protecting digital assets, and ensuring the confidentiality, integrity, and availability of information. This is especially important for IT companies, banks, healthcare institutions, and government agencies.

## ISO 22000:2018 – Food Safety Management System (FSMS)

ISO 22000 applies to any organization involved in the food supply chain, from farm to fork. It ensures food products are safe for consumption by addressing food safety hazards at every stage. The standard is ideal for food manufacturers, restaurants, catering services, packaging companies, and food transport businesses.

## Importance of ISO Certification in Telangana

- **Industrial Growth and Global Recognition**

Telangana is booming industrially. ISO Certification helps local businesses gain global credibility, increasing export potential.

- **Enhancing Customer Confidence**

Customers trust certified companies more. It gives them peace of mind that they're dealing with a reliable business.

- **Legal and Regulatory Benefits**

ISO standards often align with legal and regulatory requirements, helping businesses avoid penalties and operate smoothly.

## Major Cities in Telangana for ISO Certification

- **Hyderabad**, the IT capital of Telangana, is home to hundreds of companies seeking ISO 9001 and ISO/IEC 27001 certifications.
- **Warangal** is emerging as a manufacturing and textile hub, and ISO 14001 and ISO 45001 are highly relevant here.

- **Nizamabad** is known for the agro and food industries, and companies here benefit from ISO 22000.
- **Karimnagar** is Ideal for small-scale manufacturing units that need ISO 9001 for quality assurance.
- **Khammam** is A mix of agriculture and small businesses that can benefit from ISO 14001 and ISO 9001.

## Industries in Telangana That Benefit from ISO

### **IT and Software Services**

ISO 27001 helps secure client data and maintain confidentiality in software firms.

### **Pharmaceutical and Healthcare**

ISO 13485 and ISO 9001 ensure high standards in drug production and patient care.

### **Food Processing**

ISO 22000 and HACCP make food businesses compliant and export-ready.

### **Manufacturing and Textiles**

ISO 9001, ISO 14001, and ISO 45001 are key for improving productivity and safety.

### **Education and Training Institutions**

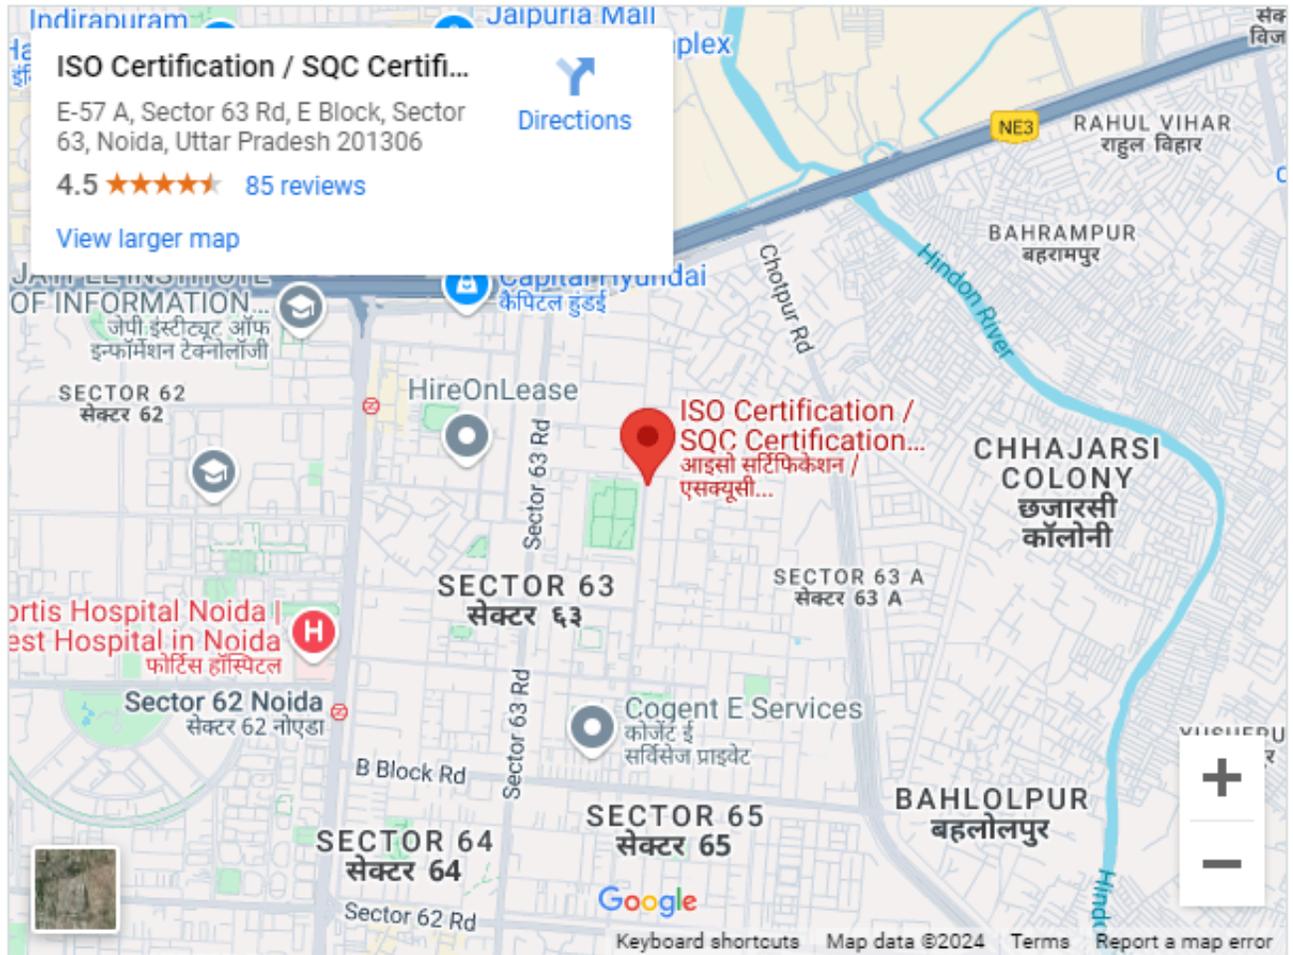

ISO 21001 helps institutions improve learning processes and student satisfaction.

## Cost of ISO Certification in Telangana

### **Factors Affecting the Cost**

- Size of the organization
- Type of ISO standard
- Number of sites
- Geographical location
- Complexity of the process and risk factor
